

Practice Test 2 - Practice Test Score Report

The purpose of this practice test is to help you become familiar with the content and structure of the GRE® General Test. Performance on this practice test is intended to give you feedback on how you will perform on the actual test; however, because this practice test has not been taken under the same test conditions as the actual test, your performance on this practice test may differ from your performance on the actual test. Scores obtained from this practice test are not official GRE® test scores and should only be used for test preparation purposes.
